### "MUCK RAKER'S" STORY SUSTAINED

### President Threatens to Wreck Business of Great Packers if Congress Does not Pass Most Drastic Inspection Laws at Once

(Scripps-McRae Dispatch.)

WASHINGTON, June 4.—Horrible revelations, almost beyond belief, were made in the special report on the Chicago packing house conditions by Commissioners of Labor Neil and Reynolds of New York submitted to congress today by the president.

In his message accompanying the report Roosevelt described the conditions as revolting and urges immediate drastic legislation according to the Beveridge amendment.

The report is not nice reading. The statements are sickening.

They show the packers generally displayed disregard, not only to the common sanitary rules, but even to decency.

The report says the interior buildings have mostly wood floors and usually the wood is soaked and slimy and the rooms are poorly lighted and ily ventilated. Many are without windows.

Systematic ventilation is not found anywhere.

The report says abominable as the above named conditions are, one of the most direct cause of uncleanness of food products is the frequent absence of lavatory provisions in the privies. Washing sinks are either not furnished at all or are small and dirty.

Neither towels, soap or toilet paper are provided.

Men and women return directly from these places to plunge their unwashed hands into the meat products and sausages.

Some privies are situated at a distance from the workrooms and men relieve themselves on the killing floors or in a corner of the work rooms.

Hence in some of the places the fumes smell and nauseating odors arising from the floors and are fruitful culture beds for disease germs of men and animals.

The report says "the workers climb over heaps of meat, select the pieces they wish and frequently throw them upon the dirty floors beside the benches."

"Men were seen to stand on the meat tables with shoes covered with filth."

"We saw meat shoveled from the filthy floors and piled on the tables. It was rarely washed and was pushed into rotten box carts, always gathering dirt, splinters and floor filth, the excretions of tuberculosis, and other diseases of the workers."

"An extreme example of the disregard of the employees of cleanliness

## FRANK WEST, VETERAN, LAYS HURT FOR DAYS

### LENROOT IS NOT GOING TO QUIT

### Gubernatorial Candidate is Here; Does not Know he is to Withdraw

If Speaker Lenroot, of Superior, is to withdraw from the race for the republican gubernatorial nomination, he is not acquainted with the fact.

Mr. Lenroot was in the city Sunday. He is not inclined to enter into lengthy discussions of the political situation, and it is presumed that he says all he has for publication in his public speeches. However, in an interview yesterday, he said that there was no conference at Viroqua, and that he has no knowledge of any effort in that city to "pull him off." He says that Secretary Munson was not even present in Viroqua when he was in that city.

Administration republicans in this city are of the opinion that the story in The Sentinel this morning to the effect that Mr. Lenroot will withdraw is equally "pipey." As Mr. Lenroot

had left the city prior to the publication of The Sentinel story here, no expression could be secured from him.

In La Crosse, the friends of O'Gv. erior Davidson do not hope, and the friends of Lenroot do not anticipate, that the latter will withdraw from the race. It is accepted as a fact that there is to be a friendly inter-factional contest for the nomination. Democrats are inclined to blue-pencil the word, "friendly."

### MILITIA READY TO QUELL RIOTS

(Scripps-McRae Dispatch.)

COLUMBUS, June 4.—Eighteen companies of state militia have been ordered to Zansville to await developments at Coal Hollow, where striking miners fired on guards last night. More trouble is threatened.

### U. S. CANNOT HELP WIPE OUT ANARCHISTS

(Scripps-McRae Dispatch.)

WASHINGTON, June 4.—The United States will not enter the international pact for the obliteration of anarchists. Congress would doubtless pass such a law, but the difficulty is, this country has no national police to enforce it.

### EPIDEMIC AT COON VALLEY THREATENS

### Owing to Prevalence of Disease Board of Health Warns

Owing to the prevalence of scarlet fever, scarlet rash and measles in and near Coon Valley stringent measures are being taken by the board of health of that thriving little village to avert a general spread and epidemic of the disease.

Dr. K. C. Storlie, health officer of the town of Coon Valley has issued a warning to citizens in part as follows:

"The Board of Health earnestly requests that all families where scarlet fever, scarlet rash or measles is present, do not handle any milk, cream or butter for the market unless the milk is taken charge of by someone wholly dissatisfied with the family."

"This person should milk the cows; wash the pails, cans, etc., transport the milk, cream or butter for market."

"The board of health also requests that all persons affected with the

above named prevailing disease shall strictly remain at home until the disease has subsided and the house disinfected. Also avoid association with others as much as possible.

"If these instructions are not obeyed the board of health will have to take an active step and quarantine the affected families."

### CALL ISSUED FOR DEM. CONVENTION

### Party Members Will Meet at Court House June 23 to Arrange Fight

Chairman P. W. Mahoney and Secretary Jos. M. Sieger of the Democratic county committee today issued a formal call for the convention which will be held in the court house at 1 p. m. June 23.

The convention will elect seventeen delegates to the democratic state convention which will be held in Milwaukee on the afternoon of the following day, June 27.

Caucuses to elect delegates to the county convent on will be held June 20th at the various polling places and 169 delegates will be elected.

The state convention will then select a platform for the state fight next fall.

### CENTRAL SUIT IN SEPTEMBER TERM

### Action Against Directors of Leased Light Co. Ready for Trial

Word has been received from Milwaukee that the complaint in the suit that is to be begun against the directors of the Central Electric company is being drawn and will shortly be served. The case will be on the September calender of the circuit court in this city.

While the exact nature of the complaint is not known here, it is said that gross fraud on the part of the directors will be charged; it is understood that proceedings will be had in equity looking to the cancellation of the lease, and that an accounting will be asked, in which all profits of sales of property and stock transactions and dealings of whatsoever nature in the proceeds of which the stockholders should have partaken will be subject to the court's decision as to its proper disposition.

In the trial of the case matter will be gone into that were not touched during the examination under the Discovery Statute. At that time it was the purpose of the plaintiffs' attorney to make their case, but not to adduce proof beyond what was necessary to the drafting of the complaint.

## MYSTERY SHROUDS ACCIDENT

### One Report Says he Was Badly Hurt

### TAKEN TO SOLDIER'S HOME

### Dr. Leuck Says Man Was Drunk and was not Badly Injured

Frank West, 77 years old, was taken to the veterans' home at Soldiers' Grove on the noon train today. Mystery surrounds the incident.

For several days West has been lying in the loft of Wisselbach's saloon, on the north side. This morning a young man presumed to be his son, said that the old man had fallen down stairs Decoration Day, while hastening to see the parade, and had broken his back, and that he had lain there undiscovered, helpless and unconscious, until this morning.

Inquiry at Kisselbach's developed the story that the old soldier had become intoxicated, and had fallen down 24 stairs, but was unhurt and had been sleeping off his "jag."

The man who drove the ambulance that took West to the train said he had several ribs, both hips and his jaw fractured, and was in a state of utter helplessness.

Dr. E. W. Leuck said that West was unhurt, and that as near as he could tell, a good drunk was his ailment. He did not know whether he had been neglected in the matter of food. Of one thing he was pretty certain, however, that the old soldier had been provided with enough to drink.

## SOUTHEASTERN HAS NARROW ESCAPE FROM WRECK

Just outside of Chaseburg last Thursday, the La Crosse & Southeastern passenger train came very near running onto a large rock that had been thrown there by the force of an explosion in a quarry near by. It was discovered in time so as to prevent any serious happening.

## TRAVELERS PROMISE SURPRISES

### Final Meeting Thursday for Grand Council; Reception is not Public

There will be a special meeting of the U. C. T. Thursday evening for final reports of the different committees on arrangements for the grand council, June 8th and 9th. All the committees are working hard and indications are everything will be in readiness for the big meeting Friday morning.

The officers of our local council should feel very much grateful at the great interest shown by all the members.

The present officers of the La Crosse Council No. 94 are:

Past Councillor—Ole Elbertson.  
Senior Councillor—M. J. Ellingsen.  
Secretary and treasurer—D. G. Fairbairn.

Junior Councillor—W. F. Huntegen.  
Conductor—Paul Pamperin.  
Page—John Callaway.

Sentinel—Fred Ruplin.  
Delegates to the Grand Council—Ole Elbertson, M. J. Ellingsen and Geo. W. Kimber.

#### Surprises in Store.

There will be many surprises in store, one of the main features will be the parade at 4 p. m. sharp Friday. Members of the La Crosse Council are requested to meet on Vine street, near the Northwestern depot at 3:30 p. m. so as to be in readiness for the parade.

Visiting delegates and members will meet at the court house square.

The line of march is the same as last reported.

On account of the large delegation and visiting members expected here and the size of the hall it has been decided by the committee not to extend an invitation to the public to the grand council ball and banquet.

## TRAVELING MEN ARE "INTELLEGEANT"

### Chronicle Says not all are Drunkards and That Some of Them Really Know as Much as the Customers They Deal With

La Crosse, Wis., June 4, 1906.

To the Editor of the Tribune:

I note a little article in the Sunday Chronicle in which the writer compliments the traveling salesman today, and draws a parallel from 20 years ago, in which he says that the traveling men of today no longer dissipate. I would like for every wife, mother and sister of every traveling man that travels out of La Crosse to take their note books out of their pockets and just jot this down. It certainly is a brilliant article and it is going to elevate the morals of the traveling men in this town. I note where he says that the traveling man of today is as well educated and as well behaved as those with whom he comes in contact. This article pleases me so I could throw my arms around the writer's neck and hug him for such beautiful sentiments and such generosity and such devotion, to the name of the traveling man. I also note that no drunken men will be seen among the visitors this week.

The pin head who wrote the article must have been on the way to Mendota. The writer of this article will say that he has been a traveling man for 20 years, and proud to be a traveling man and speaking for the traveling men who live in La Crosse, there are mighty few exceptions that they are not men, and when I say "men," that speaks the word, and it does not need any write-up from some 50-a-week reporter to illustrate and demonstrate to the people that we are appreciated as men.

## PINK HAWLEY PROTESTS THE SATURDAY FREEPORT GAME

### Contest Was Pulled off Without an Umpire and the Champions Claim One Score Unfair

La Crosse will protest the Saturday game with Freeport in which the champions lost the game by a score of 2 to 1. Freeport made two runs in the eighth and it is the contention of La Crosse that one of the runs was not legitimate. The game was played without an umpire and it is likely that President Powers will be called upon to settle the dispute.

Manager Moriarity, who made a home runs entered a counter protest for Freeport.

The score by innings for the protested game follows:

R.H.E.  
Freeport ..000000020-262  
La Crosse. 010000000-154  
Batteries: Scott and Erickson; Schneberg and Killian.

## EIGHTH WARD AID TEACHER SHOTS HERSELF SOCIETY PICNIC

The Eighth Ward Aid society's annual picnic was held yesterday in Centennial gardens and the affair was a most gratifying success. The work of the committee in arranging the details perfectly was responsible largely for the enjoyment of the day. There were games and prizes offered and hundreds of people enjoyed the hospitality of the society.

Kreutz's matchless orchestra furnished music. The orchestra appeared in their new uniforms for the first time. The uniforms are the regulation style of blue and are handsome attires. The society cleared over \$300.

Miss Emma L. Rohrer, teacher in the Seventh district school Saturday while on the Congregational excursion received word of the suicide of her sister, Miss Ida Rohrer at Elveth, Minn. She shot herself twice with a 32 calibre revolver in the class room where she was teaching. She was formerly a teacher here and it is supposed despondency was the cause.

## FAMILY EXCURSIONS START IN WEEK

Captain Fugina of the Columbia Packet company was in the city today preparing for the regular family excursions which will be run out of La Crosse this summer the same as last, by his company.

This year he has the Fountain City and barge to take the place of the old Columbia which was sold to down river parties. The new boat is handsomely equipped especially for the excursion business and will take its first excursion out of La Crosse next Sunday when the Frohsinn excursion will be run. The boat comes here with an excursion from Winona and Fountain City Thursday of this week.

The first of the popular family excursions will be run out of La Crosse Tuesday, May 12th.

## RIVER WATER PUMPED INTO STREET FOUNTAINS

Citizens Complain of Water Furnished  
for Fountains; Beckwith Says  
It's a Mistake

Complaint is being made by citizens who patronize the street fountains that river water is periodically pumped into the pipes and the water is impure and unfit for drinking purposes.

"At least three times a week," said a business man this morning, "the water which comes through these fountains is simply river water. It is not because they are flushing out the pipes, because when they do that the water is a yellowish tinge, the water is river water substituted for the artesian well water."

President H. J. Beckwith of the

board of public works when asked this morning concerning the matter said that the idea that river water was being pumped into the fountains was entirely wrong.

"There has been no river water in the artesian fountains," said Mr. Beckwith, "since last fall, before the new artesian well was completed. At that time the supply was poor and the river water got into the wells, but since the new one was dug, it has been carefully arranged and the water being sent into these fountains now is pure and directly from this new well. No other water is pumped into these pipes at any time."

## ANNUAL FESTIVAL OF BOST- WICK FREE THINKERS ASSN.

Adolph Falbisaner, Prominent German Lecturer of La Crosse Among the Principal Speakers.

The annual spring festival of the Freethinkers' society of Bostwick Valley held yesterday in commemoration of the 37th anniversary of the society, was a complete success in every respect. Early in the morning the members assembled in the beautiful grove putting the last finishing touches to the elaborate decoration in the grove and the hall. At the same time the ladies were busily engaged to prepare the fine luncheon which was served by them at noon to the many visitors arriving from all parts of this prosperous farming section.

The festival exercises commenced at 2 o'clock with a well rendered selection by the Bangor military band. The address of welcome was delivered by

President Fred Hemker who also recited a poem especially written for the occasion by A. Falbisaner.

Mr. Hemker then introduced the festival speaker, Mr. Adolph Falbisaner of La Crosse, who in eloquent and practical words pictured the spring festival of olden times especially those celebrated in honor of Osara and Balder by the Teutons. These festivals were later on adopted by the Christian religion. Commenting upon the original meaning of spring festivals, celebrating the victory of light over darkness and the masses of ice the speaker spoke on the principles of freethought, the latest remarkable achievements in that direction and made a powerful plea in favor of the non-sectarian public school system.

The applause which the speaker's remarks received showed the sentiment of the large audience.

Until the evening an open air concert was given by the Bangor band, while after supper the young folks enjoyed dancing.

The committee in charge of the festival consisted of Fritz Nuttleman, Louis Weingarten, D. F. Mueller, Henry Lander, Louis Lander, Henry Heider, Wm. F. Mueller.

A notable feature of the day was the presence of nearly all of the candidates for nominations at the coming primaries, some of whom spoke.

## CHRISTIAN SCIENTISTS TO SEE DEDICATION

Christian Scientists from all over the United States and Europe will journey to Boston to be present at the dedication of the new Christian Science church in that city, which takes place on June 10. A party of fifty members of the faith from Milwaukee and other Wisconsin cities, have arranged with James E. Wilibrands, Michigan Central, for a special train, which leaves Milwaukee on June 7.

The dedication of the church will be the greatest event in the history of the Scientist's faith.

For some time plans have been under way for the erection of a magnificent church in Boston, and the first proposition for the building was made in 1902. The following year work was begun, and the structure now is practically complete. It is made of stone, and it has cost about \$2,000,000, a great part of which has been contributed by Scientists from all over the world. Members of the Christian Science churches in Milwaukee have contributed probably from \$15,000 to \$20,000, and therefore they take a deep interest in the dedication.

The church is located in the Back Bay district, and it is one of the sights of the city. Its membership is 40,000, and it has a seating capacity of 5,000. Last week a call was issued to members of various churches throughout the country saying that a little more money was needed to complete the Boston church before it was dedicated. It is one of the principles of Christian Science that every debt must be paid before a church can be dedicated.

## PETER TERPSTRA DIES AT MIDWAY

Peter Terpstra, whose illness of 18 months was noted last week, died at his home at Midway. Deceased was born at Tjermarum, Netherlands, April 5, 1839. Here he grew to manhood and married Miss Jeiske Van Derploeg, May 12, 1866.

They came to this country May 21, 1887, and settled at Midway where they have lived ever since.

He was a good farmer and was respected by all who knew him. Though his death was not unexpected it was received with a feeling of great sorrow among his relatives and friends, and he peacefully passed away Thursday morning at 5:50.

The funeral took place Saturday from the Methodist church, Rev. Hocking of Onalaska officiating and A. L. Swarthout director.

The pallbearers were Sjonka Chalsma, A. Dokema, J. Willinger, S. De Groat, W. Postma and R. Ogle. The floral contributions were very large. Interment was made at Brice's Prairie. He leaves to mourn his loss a widow and four children, Mrs. H. Byrmas of Galesville, John of West Salem, Web of New Amsterdam and Owner of Midway.

## MANY CELEBRATIONS ON JULY 4TH.

Coon Valley, Trempealeau, Arcadia and many other towns in the western part of the state announce Fourth of July celebrations. With a circus here and one at Winona and many individual town celebrations, it appears that Fourth of July patronage will be pretty well divided.

Mrs. Theresa Puhl of the town of Hamburg died Saturday morning after a lingering illness. Deceased was 83 years and leaves 2 sons and one daughter to mourn her loss.

The funeral was held this afternoon at 2 p. m. from her residence and interment took place in Santa Anna cemetery. Rev. H. Andreas officiated and Mrs. Theo. Mannstedt in charge.

## AT THE THEATRES

Seldom if ever has there been such an array of talent gathered together on the local stage as will be presented at the Bijou for the week beginning today. The Garnelles, songs, dances and funny doings are said to be away from all others in their line and will undoubtedly please the patrons of this popular house. The Musical Reed's are musicians of a world wide reputation playing cornets French horns and an instrument of Mr. Reed's own invention known as a seven bell trumpet, the wardrobe of this clever pair will be feast for the eye and music is promised that will appeal to everybody. The Freese Bros. Tamborine jugglers have a novelty act that is seldom equaled if ever excelled and will make a bid for first honors at every performance.

Jack O'Toole has a new song for the week entitled "Coming Through The Rye Jennie Mine," that is a march song of real merit. The slides are an importation from England where the art of perfect coloring is superior to all. The new moving pictures are actual scenes of the recent eruption of Mount Vesuvius and vividly picture that awful disaster in a realistic manner, such a gallant and proficient array of talent should break all records.

## LIEUT. LAWSON WEDS SOUTHERN GIRL

Henry P. Lawson received word from his brother yesterday, that he had been united in marriage upon the 10th of May, to Miss Mabel Delores Shaw.

Miss Mable Shaw is a popular girl of Beaufort, South Carolina, and is well known in society circles. She is the daughter of Dr. and Mrs. Francis A. Halliday. Lieutenant Lawson was transferred from Fort Snelling some time ago to Fort Screven, Ga., where they will make their future home after June 30th.

very fit when

the head and nerves swing along peacefully and with that certain sense of power that is unmistakable.

But when overwork or anxiety breaks down the soft gray matter in the brain and nerve cells (anxiety will do it quicker than overwork) faster than the food you have been using replaces it, then to save yourself from that horror of darkness, nervous prostration, you must change food, and take on some sure builder.

That's the mission of Grape-Nuts, made of selected parts of Wheat and Barley, containing the natural Phosphate of Potash which combines with albumen in the human body and makes the soft gray filling of the brain and nerve centres. In making Grape-Nuts the starchy parts of the field grains are converted into a form of sugar exactly as in the process of digestion in the body. So Grape-Nuts has really passed the first act of digestion and therefore the food is quickly assimilated in the most perfect manner by babe or athlete.

There's a Reason.

## THE LA CROSSE TRIBUNE

Published Every Afternoon Except Sunday, at 121 Main St., La Crosse, Wis.

A NEWSPAPER FOR THE PEOPLE

By The Tribune Publishing Company

W. V. KIDDER ..... Managing Editor

Daily by Carrier ..... \$5.00 per year  
Daily by Mail ..... \$4.00 per year

Entered as second-class matter June 22, 1904, at the Post Office at La Crosse, Wis., under the Act of Congress of March 3, 1879.

Special Representatives: Payne & Young, Chicago, 948 Marquette Bldg.; New York City, 105 Potter Bldg.

### LA CROSSE MUST WAKE UP.

La Crosse is NOT supporting its baseball team. The attendance so far this season is more than TWELVE HUNDRED SHORT of what it was at this time last year.

La Crosse has the state baseball pennant; it has last year's "champs;" it has a team that promises to be "champs" again. But it don't support the team.

In Rockford, Saturday, there were 2,000 people at the Pretzel-Pinks game. La Crosse cannot get out that many people on Sunday.

"Hello, Central, how's the ball game?" Central tells a thousand people all about it every day. And so a thousand people every day are cheating the baseball boys out of an admission. Really, we can't support our team on telephone messages.

In a few days the boys are coming back to La Crosse. Why not turn over a new leaf, and support them? President Elliott has just returned from Wausau, where in conference with the league presidents he was obliged to make a strenuous fight to prevent a reduction of the strength of the La Crosse team; the salary list was too high. He succeeded, but we must not forget that this salary list must be paid for at the gate of the park. Let us all pass up the telephone, and climb into the front seat. Don't let the pennant winners be the financial tail-enders of the league.

### THE STREET CAR COMPANY "CONCESSIONS."

The street railway company, it is said, has decided to do most of the things it said it would not do. It will accept the ordinance recently "turned down," saving only the question of fares. And as to fares, it accepts the proposition that the two hours during which workmen's six-for-a-quarter checks are good, shall be extended to four hours; it declines to sell fares for less than five cents, except during "factory hours."

On the whole, the arrangement is about the best that can be reached. There are some features of the ordinance that do not appeal to most people as exactly right, but as there seems to be shown a tendency to extend the lines and improve the service, wisdom suggests that flaws be overlooked. The surrender of Cass street to the company, we believe, is mistake, but as the urgently needed Catholic cemetery line depends upon this concession, longer opposition to it may do more harm than good. At present it is not at all certain that six-for-a-quarter fares could be demanded with fairness to the company, especially in view of the large expense to which the company will be put by the contemplated improvements; a reservation making the subject of fares subject to consideration and revision at some later date within the life of the franchise would have been wise, but to attempt it now might interfere with the consummation of betterments that are a crying need.

More than anything else, the news that the system is to remain under the control of La Crosse capital inclines The Tribune to advise this reasonable compromise. This journal strenuously objected to the granting of lenient conditions to the company at a moment when there appeared a strong probability that it would immediately be turned over to Chicago and Boston capitalists. That outside men should be given liberal advantages in order that La Crosse money might be taken as dividends to other cities, was a proposition that could not be looked upon with favor. Now that the earnings are to remain here, and will become the property of men who are investing largely in home industries, the affair assumes a different complexion. Acceptance of offered improvements, with the distinct understanding that there will be no cessation of the public demand for further facilities, seems the proper course.

### A CHANCE TO LEARN DIPLOMACY.

Before the street car incident is closed, we are inclined to think the ill-advised dispute between the company and Dr. Anderson should be disposed of with diplomacy permitting those who have been found in error to emerge in good grace from the affair.

The discussion had its uses. The Tribune had taken a stand for concessions not acceptable to the company; the franchise incorporating some of the conditions was offered the company, and declined. The entire matter was blocked, the company flatly declining to accept the arrangements offered it.

But the address of Dr. Anderson proved to the satisfaction of most people that the company could well afford to do most of the things demanded of it, and it is not unlikely that he even became instrumental in causing some of the directors to see the affair not only in a new light but with new knowledge and understanding. Not one of them, excepting Mr. Edwards, devotes his time to the street car business; each is engaged in other enterprises absorbing most of his time. So it is not impossible that some of them actually learned something about the street car business. At any rate, prior to the discussion, they had no disposition to meet the demands of the city council; now they are said to be ready to do so. We attribute this largely to the publicity given the affairs of the company by the former mayor.

In his controversy with President Edwards, it seems to us, Dr. Anderson demonstrated beyond argument that he was correct and that the company, by its president, was in error. Having impugned his honesty, no matter whether by unintentional lack of diplomacy or willfully, the company should publicly state that an unfortunate error has been made and that it regrets that the misunderstanding occurred.

"In prosperity prepare for a change—in adversity hope for one." In either case, advertising will make it a change for the better.

### JUST LIFE

#### So They Say!

'Tis often said, and we have read that when the wine's aboard the dome of thought may spring a leak—  
Give up it's treasure hoard.

We've often found the solid ground would rock like storm tossed sea, and buildings staunch would seem to launch  
And lurch and grasp at "we."

We say things that we wouldn't put in sober for a million,  
We fight our friends to meet our ends when full of old King William.

The moral is this boozing biz is something we don't favor,  
One's apt to spring some foolish thing—  
And there that "morning flavor!"  
Ugh!

Judging from the development of a year the next map of the United States should resemble an interrogation mark.

After all, perhaps John D. does want to be a good fellow. We could give him a good suggestion as to where to begin, if he will drop us a note.

A popular advertising mania at present seems to be for business institutions to maintain a baseball team.

Watch the Tribune grow!  
Anyway, it's a mighty satisfaction to know.

### THE STATE PRESS

#### May as Well Tell.

With everyone taking a guess at what's in the report, it is suspected that the packers would be no worse off if Mr. Roosevelt should decide that their case has become desperate enough to demand immediate resort to the sure remedy of publicity.—Milwaukee News.

#### It Usually Does.

The Milwaukee News is persistently pounding away to secure a grand jury investigation at Madison. And if patience and perseverance will win the day The News may yet gain its point.—Oshkosh Northwestern.

#### A Rare Chance.

The Philippine commission has adopted the postal savings bank system. This will give the Moros and Pulajanes a chance to deposit their coin, instead of wearing them in their ears and noses.—Sheboygan Journal.

#### For Tillman.

Whatever of scandal, trickery or back-tracking the rate bill controversy attaches to men high up in our government it must be said to the credit of the senator from South Carolina that he is absolutely without taint.—Chippewa Falls Independent.

#### When They Speak.

Conditions at the state capital have changed of late, if reports are to be believed. The Host scandal has made a split in the reform ranks and now the reformers can pass each other without speaking—and if they do speak, it is to roar out: "You're another."—Watertown Leader.

#### Bob's Popular Calls.

In a private interview our admirable chief executive is rumored to have said: "This is the day of a man with a patch on his breeches to come forward, and for the man of the dollar to go to the rear." This encouraging sentence undoubtedly will have a large following, as there are more men in the world with patches on their breeches than with dollars in their pockets.—Racine Journal.

#### Acme of Rottenness.

It has been the boast of the Big Four packing firms that their products represented the acme of perfection and it is certain that the people generally have believed their claims and placed implicit confidence in their truth. If such conditions have been found it is the duty of the government to warn the people regardless of the effect on the business of the packers, either at home or abroad. It is also the duty of the government to rigidly protect the people in the future from the dangers of such conditions.—Racine Times.

# MERGER DEAL OFF

The sale of the street car company and Gas & Electric properties comprising the City Heating plant, the Gas Works, Edison Light & Power and Brush Electric company, has fallen through.

Stone & Webster, of Boston, builders and operators of electric lighting and traction plants and gas and heating works, through Chicago agents, had an option on these concerns, the option expiring June 2nd. It expired without action, and the deal is off.

The decision of the outside capitalists not to take over the properties at \$1.75 for \$1.00 of the stock valuation, was no reflection on the earning capacity of the street railway company. Investigation satisfied the prospective purchasers that the Light Trust properties were a sand-bag to

the enterprise, because they have lost and are losing much of their former business through competition with the independent plant with its newer equipment and better service, and because the load of bonded indebtedness and watered stock carried by the Light Trust is so great as to make profitable operation doubtful if not impossible.

It is said that none of the people who accepted options on their Central stock when an effort was being made to buy it up and stop the litigation pending concerning that plant, had their options accepted, as these options all hinged on the acceptance of the Boston option. It is not known that anybody accepted "Filo's" check, dated June 2nd, in payment on these proposed options.

## BUSINESS MEN ASKED TO DECORATE STORES FOR U. C. T. CONVENTION

The following notice to merchants to decorate for the Travelers' convention has been issued by the decoration committee:

The wholesalers and retailers of La Crosse are respectfully invited to decorate their respective places of business in honor of the Travelers' convention, next Friday and Saturday. The great decorative arch, illuminated, supplemented by prettily decorated business houses, promises to make our streets more attractive than on any former occasion. We urgently recommend the co-operation of all businessmen to this end.

Respectfully,

P. C. WIGGENHORN,  
Chairman Street Decoration Committee.

## DAUGHTER HAD MILLIONS; HE BEGGED

Mr. Salisbury, wearing smoked glasses, and as blind as those who do not wish to see, yesterday corralled the festive dimes by passing a card appealing for help for the blind orphan who had not a relation on earth.

Arrested, he told the officer he was collecting money to build a shanty on his claim in Dakota. Records in his pocket showed that he had collected enough money on this pretext during five years to build a city on his claim. One Minnesota department store alone contributed \$47 to

his shanty.

Arrived at central station, Salisbury got his wires crossed again and told the chief he was blind and helpless, and was raising money with which to locate his daughter who had fallen heir to a million dollars. He said he could not get the money himself, and was ready for his daughter as soon as she could be located. Though hugely intoxicated, he declared he had not had a drink in five years. He was lead across the wagon bridge.

## NEW BRIDGE FOR PETTIBONE PARK

Notice was issued today to the bridge and finance committee of the city council and to Hon. George H. Ray, president of the Pettibone park commission, that a meeting will be held tomorrow evening to discuss the question of a new bridge over the lagoon in Pettibone park.

It is claimed by people interested in Pettibone Park that the present bridge is unsafe and that a new one is needed; some aldermen, on the

other hand, express the opinion that the park commission wants a pretty bridge, and that the present bridge is good enough.

Most businessmen are said to favor a new bridge, if the city can afford it. They say it is right to build a presentable bridge, even if safety does not demand it. They hold that so pretty a park should not be burdened with an unsightly structure in the only object the city owns upon it.

## OLD STAFF TO OPERATE PUBLIC BATHS

The public baths will be ready for patronage within ten days. That is the statement of Alderman Rheinfuss, of the council committee.

The pile driver, wanted for making some necessary improvements, will arrive by Wednesday at the latest, and the repairs will be hurried.

Inspector Fraser, and his former force of assistants, will again be in charge of the baths. As Prof. Fraser was responsible for a number of rescues during his employment last year, the news of his retention is expected to be received with satisfaction.

## FIRE BOYS BUILD SIDEWALK AT STATION

Fire Station No. 3 has a new brick sidewalk, and it cost the city less than any other decent sidewalk it owns.

The city bought the brick, and the fire boys of No. 3 voluntarily did the work. The task has been completed, and the city and the firemen are shaking hands on a "good job." Some of the firemen, however, are shaking their heads dubiously over what they term a "dangerous precedent."

## "JOURNALIST" GOT SCOOPS WITH YEGG TOOLS

"I'm a journalist," said Somebody, alias Somebody, alias J. P. Burns, a professional thug arrested by the police recently.

Burns was in the "sweat box" today. Chief Byrne, smiled, and produced the billy that was found in his grip. "I suppose this is a 'scoop,'" he said. Burns smiled a silly smile.

"And this," continued the chief, producing an electric flash light, "this I suppose is the midnight oil."

"No use kiddin' you Chief," said Burns.

There wasn't, but as there was no charge against Burns, he was "mugged," and set at large in Minnesota.

## LAYMAN-PUENT FUED DISMISSED

The case of the state against William Layman, charged by Mrs. Puent with assault, was dismissed in county court today.

The alleged assault consisted of Layman pushing Mrs. Puents off a stone on which she was sitting. The evidence was directly contradictory and about evenly balanced, and Judge Brindley disposed of the affair with the conclusion that it was a family row between people old enough to know better, in which no one was injured. He accordingly discharged the defendant.

## LABOR CONVENTIONS LESS FREQUENTLY

There is a possibility that future conventions of the Wisconsin State Federation of Labor will be held only once in every two years. This was talked over thoroughly at the meeting of the executive board and there is a strong sentiment favoring biennial conventions.

Many members of the organization believe that the work of organized labor could be done just as well with a convention once in two years as under the present system, and that the money expended on yearly conventions could be used to better advantage in other ways. There is a desire on the part of the State Federation that reports of the secretary and the state organizer be printed and distributed at conventions instead of merely read and action probably will be taken to bring this about. The State Federation will co-operate with the American Federation of Labor in indorsing legislation tending to support labor's bill against the use capital makes of injunctions.

State Organizer William Aldrich reported a successful trip to Neenah, Menasha, Appleton, Fond du Lac and La Crosse.

Today the children of St. Joseph's cathedral school held their annual picnic at Myrick park which is given through the generosity of their pastor, Rev. G. Sluyter. Three hundred and fifty children attended.

## SINKING FUND HAS NOT "SUNK" YET

A delegation consisting of Mayor Torrance, Comptroller Connor, Treasurer Young and Clerk Sieger marched up Fourth street today. The party got safely past the alley running into the rear of The Stoddard, and headed for the National bank.

An inquisitive reporter was explained out of the way by the statement that the vault in which the thousands of dollars in the sinking fund is kept, is guarded by three keys, all of which must be used at once in order to gain access to it. The mayor, comptroller and clerk each has one. "You see," said the comptroller, "we are just going in to see if the sinking fund has sunk."

### DEMOCRATIC COUNTY CONVENTION.

By direction of the State Central Committee, a delegate convention of the democratic electors of La Crosse county will be held at the Court House in the city of La Crosse Saturday, June 23, at 1 o'clock p. m. for the purpose of electing seventeen delegates to attend a state democratic convention to be held in the city of Milwaukee Wednesday, June 27th, at 1 o'clock p. m. Said state convention will be held for the purpose of formulating a platform setting forth the principles and policies for which the democratic party in Wisconsin stands, thereby giving aid and counsel to the candidates of said party, whose legal duty it is to formulate the party platform and who will be chosen at the September primaries.

The caucuses to elect delegates to attend said county convention will be held at the respective voting places in said towns, villages and wards on Wednesday evening, June 20th, opening at the hour of 7:30 p. m. and said caucuses will be held and conducted in the usual way. It will not be necessary, however, to swear in the officers or keep polling lists and credentials can be made up by a written statement signed by the chairman and secretary of the caucus and mailed immediately to the chairman of the county committee. The several towns, villages and wards are entitled to the following delegates, based on one delegate to each 25 votes or major fraction thereof cast at the last gubernatorial election, to-wit:

The board of municipal works re-  
turned last evening from its trip to  
La Crosse, says the Winona Inde-  
pendent. All the members of the  
board went down, also the secretary  
S. S. Strouse. The waterworks plant  
was visited, and also the city hall. The  
Winonans were courteously treated  
and all information desired was plac-  
ed at their disposal. It is expected  
the new board will soon hold a meet-  
ing for the adoption of by-laws.

## WINONA MUNICIPAL BOARD PLEASED WITH US

At an early hour Sunday morning  
the big steamer W. W. steamed up to  
the Winona dock with her barge  
Acme in readiness to bring the big  
Gate City band excursion party to  
La Crosse.

The W. W. left Winona at  
10 o'clock and a stop was made at  
Trempealeau at 11 o'clock. La Crosse  
was reached shortly after noon and  
the boat departed for home at 5  
o'clock in the afternoon.

The Gate City band accompanied  
the excursion and furnished concert  
and dance music on both the down  
and up river trips.

There's little room in this great  
world of ours for the "Fat Woman."  
She's a hindrance to herself in street  
cars, flats, elevators; but what can  
she do, poor thing—take Hollister's  
Rocky Mountain Tea. 35 cents, Tea  
or Tablets. Ask your druggist.

### ALERTS TAKE SUN- DAY GAME FROM BADGERS

The feature of Sunday's game be-  
tween the Alerts and the Badgers  
was the speedy work of Schultz,  
whom the Badgers were unable to  
find as the score book shows a total  
of 13 strikeouts.

Had the Badgers retained the far-  
famed Wolford they would have been  
able to make the game interesting at  
least; but the heavy batting of the  
Alerts coupled with the poor support  
given the Badger pitcher allowed the  
Alerts 7 scores while the Badgers  
scored three times.

### DOERFLINGER TEAM WINS GAME

The stove platers of the Summit  
Foundry Co., played the Doerflinger  
team yesterday on the George street  
grounds. The former won after a  
hot contest by a score of 12 to 10 in  
ten innings. The batteries were  
Hayes, Soles and Craigen for the  
platers and Anderson and Fasting for  
the Doerflinger.

Two five dollar gold pieces were  
awarded members of the Doerflinger  
team for making home runs.

### RAMBLERS ARE VIC- TORIOUS

The Ramblers formerly the Fif-  
teenth ward team, defeated Peck's  
Colts Sunday afternoon on the for-  
mer's grounds by a score of 27 to 2.  
Batteries: Ramblers, Cole, Kelly,  
Arenz and Demaret Peck's Colts,  
Haley, Olson and Netwall.

### CRESCENTS DEFEAT NORTH LA CROSSE

The Crescents defeated the North  
La Crosse team by the score of 20 to  
6 yesterday, the former making two  
home runs in the fifth inning. The  
batteries for the Crescents were Peter  
Noustad and Bernhard Eidsmoe.  
Noustad struck out 19 men.

### PRINTERS DEFEATED

The Bijou ball team won from the  
rinters yesterday morning at League  
park, making four straight victories.  
It looked like a "fast" game, but  
Wendling opened the second inning  
with a three base hit and every one  
up seemed to land on the ball from  
that until the seventh inning and the  
Bijous were 15 to the good. An er-  
ror in fifth gave the printers their  
first score and two more errors in  
the seventh gave them three more.  
Simple held them safe at all times.  
Manager Schulberg was back at his  
old position on first, and every one  
for the Bijou played fast ball. Jack  
O'Toole was out of the game but was  
on the coach line and sent the  
men around at a fast clip. "Buff"  
Thompson was umpire and his gen-  
erous proortions of avoidupois un-  
doubtedly kept down argument. His  
decisions were exceptionally fair at  
all time. The lineup was:

Bijou—Craef, catcher; Simple,  
pitcher; Wendling, rf; Schuberg, 1b;  
Stanard, 2b; Berg, 3b; Christie, ss;  
Ramig, lf; Smith, cf; Larson, cf;
